**Architect  
Hafeez  
Contractor**

TO WHOMSOEVER IT MAY CONCERN

Pameli had joined us as an architect but her kecks towards art was always present. When I sent her to paint a car for Kala Ghoda Fest for local group, she painted the car in one night. The car was painted as per my expectation and in just one night. Not only that, the car later went for charity and was sold to its highest bidder.

I am very happy to write her this letter of appreciation and would be delighted to recommend her name for art to others.

Thanks and Regards,

Hafeez Contractor

TO WHOMSOEVER IT MAY CONCERN

This is to certify that I had the privilege of going through the art work of Mr. Pamela Kayal and I was very much impressed with her work. As a result, I gave her one photograph and commissioned her to sketch a portrait. I was extremely delighted to see the portrait she created for me as it was beyond my expectations.

I have no hesitation in recommending her to others to avail her professional services.

Sub: Letter of Appreciation

Dear Pamela,

I am very delighted that I commissioned you the painting with my requirement.

I imagined the painting in my head to be a combination of my favourite things and I'm glad you understood and executed it so well just in one week what I had explained.

Therefore, this is my letter of appreciation and I have also spread the word to my friends and recommended you.

We shall work on another project soon.

Thanks and regards,

Ashish Mehta

Sub: Letter of Appreciation

Dear Pamela,  
I feel more when I meet you, I don't sum up your offences but when you completed the minor art in my residence, I knew you would be unique.  
You approached us all with the trial of time of life that you have painted in my office and the start design in living colors which now are in the passage of time at our office.  
The portrait you made for my wife, I think only because Pamela's was made before that I was looking for her that she made the portrait everyday with a smile.  
Everyone in my family now turns to you for art work. Even though you are a distant architect your art remains just close to us.  
We and the family are very happy to recommend you with pride for your work that reflects honesty. I am very happy to write this letter of appreciation and look forward to work with you in future.
