

GLOBALPACT x ACADEMICAЕ

INDIA'S FIRST TEXTBOOK-BOUNDED AI

Meet *Academicae.*

A rigidly governed AI learning ecosystem — every answer bound to the syllabus, every child kept safe, every school in control.

GOVERNED AI ACCESS

40K+

ACTIVE STUDENTS

CORPORATE IDENTITY

Built on a mission. Guarded by a vision.

OUR MISSION

To deliver highly personalized, curriculum-aligned guidance that adapts to each student's pace — eliminating costly private-tutor dependency for Classes 1 to 12 across India.

OUR VISION

To operate a rigidly sandboxed, textbook-bounded AI ecosystem — where child safety, institutional rigor and academic compliance are guaranteed at every layer.

THE MARKET REALITY

When learning lost its direction.

"Students are drowning in outdated education systems – trapped between academic pressure, tuition dependency, and digital distraction."

STUDENT OPTIMAL FOCUS (DISTRACTION CRITICAL)

22%

THE SERIOUS FEAR OF CLASSROOMS

"Can AI really be trusted inside a classroom?"

- × Generic AI models hallucinate and surface unverified information.
- × They can misguide children without age-appropriate guardrails.
- × They cannot understand the discipline of a structured curriculum.

GOVERNANCE SHIELD: NOT ACTIVE

THE TURNING POINT

Not another chatbot. A rigidly governed ecosystem.

GENERIC AI CHATBOTS

- ✗ Open-internet, unverified answers
- ✗ No age-appropriate guardrails
- ✗ Ignores the school's syllabus
- ✗ Zero visibility for teachers

ACADEMICAЕ

- ✓ 100% textbook-bound responses
- ✓ Socratic, hint-based guidance only
- ✓ AQC-reviewed before deployment
- ✓ Full principal & parent oversight

Child safety, institutional rigor, academic compliance — at every layer.

PRODUCT SHOWCASE

Hello Teacher.

Khoob Padhenge, Khud Padhenge, Khoob Badhenge

The AI learning companion that turns home study into a personal, curriculum-aligned tutoring session — available to every child, every night, at zero extra cost.

Socratic Doubt-Solving

Page-by-Page Learning

9 Regional Languages

Gamified Rewards

HELLO TEACHER FEATURES

Nine ways it meets every learner.

Socratic Doubt Solving

Step-by-step hints — never copy-paste answers.

Page-by-Page Learning

Explains each textbook page with voice and visuals.

Audio Visual Flow

AI-generated audio, imagery and animation.

Pictorial Video Lessons

Visual walkthroughs with full LaTeX rendering.

Gamified Rewards

Hello Coins, streaks, badges, leaderboards.

Linguistic Localization

Voice-ready across 9 Indian regional dialects.

Continuous Evaluation

Learning checks and exit tickets track retention.

Personalized Iteration

Auto-generated focus quests per chapter.

Fun Zone & Lookup

Dictionary, programming, and logic puzzle modules.

THE SOCRATIC VISION, IN ACTION

Never a copy-paste answer.

AARAV K. — GRADE 6

"I don't understand fractions... it feels too hard."

HELLO TEACHER

"No worries, Aarav! Think of it as sharing a pizza. If we slice it into 4 equal pieces, and you take 1, how many pieces out of the whole do you have?"

✓ HINT-BASED SCAFFOLDING

✓ OPEN-ENDED ANSWERS BARRED

✓ EVERY REPLY SYLLABUS-BOUND

PRODUCT SHOWCASE

Academicae Schools — the operating system for your institution.

One governed dashboard connecting principals, teachers, students and parents — everything synchronized, measurable, and audit-ready.

STAKEHOLDER COVERAGE

INSTITUTIONAL CORE PHILOSOPHY

Governance built into every layer.

PEDAGOGICAL FOCUS

Adaptive Playgrounds

Dynamically adapt to each learner's pace, fully avoiding unvetted AI chat hazards.

INCLUSIVE OUTREACH

Socio-Economic Bounds

Localized regional modules and native dialect voice interactions for every learner.

SYSTEMIC INTEGRITY

Academic Accountability

Strict textbook constraints, teacher moderation, and parent progress timelines.

RIGOROUS PROCESS

The governed textbook transformation pipeline.

01

Constraint Engine

Strictly sanitizes AI parameters and binds every response within uploaded syllabus boundaries. Zero open-internet access.

02

Pedagogical Format

Structures outputs with elegant textbook rendering and verifiable page-referenced explanations.

03

AQC Reviews

Academic Quality Control moderators verify, audit and approve every content set before deployment.

04

Node Deployment

Compliant packages are securely deployed to localized school nodes with principal controls and live telemetry.

ECOSYSTEM VALUE MATRIX

How every stakeholder benefits.

FOR THE STUDENT

Personalized Mentor

A 24/7 Socratic AI mentor adapting to individual pace and attention — eliminating tutor dependency.

FOR THE TEACHER

Operational Support

AI-driven lesson planners, homework auto-builders, and automated evaluations.

FOR THE PARENT

Continuous Visibility

Automated summaries via WhatsApp/Email; live dashboards track marks, time-on-topic and behavior.

FOR THE SCHOOL

Academic Governance

A centralized command layer for curriculum maps, diagnostic logs, and audit-ready billing.
